

BUSINESS RESILIENCY BOOTCAMPS

Are you a business owner or manager who wants to learn about how to make your business more successful, sustainable, and profitable? The Kansas SBDC is offering 6 Business Resiliency Bootcamps. Each will feature 3 workshops to help existing businesses (and aspiring business owners) have the skills, knowledge, and resources to enable them to be resilient and adaptable during challenging times. Attend one of these bootcamps to learn about strategies for financial management, thrifty marketing, and using AI tools.

The Business Resiliency Bootcamps are being offered under a grant from the U.S. SBA to assist businesses in rural communities in response to the emergency drought proclamation for counties in Kansas.
